Homeowner's Guide

to the
thoughtful home.

Your home keeps you safe.
Warm. Comfortable.
But what if it could do more?
What if it knew you?
And what you liked?
Imagine if it could help you.
If it could take care of
things for you.
Turn down the heat.
Tell you if there's trouble.
This is the kind of home
we're creating.

Capital Heating & Cooling
is a Nest Pro Elite installer.

*Wi-Fi features: Video streaming, video recording, mobile notifications and remote control require working internet and Wi-Fi.

Nest Learning Thermostat

Programs itself.

Then pays for itself.

The Nest Thermostat learns the temperature you like when you're home. And turns itself down when you're away to help save energy. And you can control it from your phone.

No more programming.

Just turn it up and down. With Auto-Schedule, Nest learns from you and programs itself.

Turns itself down.

It automatically adjusts the temperature after you leave. So you don't heat or cool an empty home.

Remote control.

Change the temperature from anywhere using your phone, tablet or laptop.

Know more, save more.

Check your Energy History on your phone to see how much energy you use and why.

Hello, Leaf.

The Nest Leaf appears when you choose a temperature that saves energy.

Lower your Heat & AC bill.

Airwave cuts runtimes automatically and still keeps you comfortable.

In independent studies, the Nest Thermostat saved about 10% to 12% on heating bills and 15% on cooling bills. We've estimated average savings of \$131 to \$145 a year. Individual savings are not guaranteed.

Nest Thermostat E

It's easy to save energy.

Its simple design and new frosted display blend into the background. With proven energy-saving features, the Nest Thermostat E can help you save from day one. And you can change the temperature from anywhere – the beach, the office or your bed.

Frosted display.

Blends into the background and fits into any home.

Remote control.

Use the Nest app to change the temperature from anywhere.

Proven energy-saving features.

Like the Nest Learning Thermostat, the Nest Thermostat E can help you save from day one.

Home/Away Assist.

Turns itself down after you leave.

A simple schedule.

Start with a basic schedule, then adjust it whenever you like.

Energy History.

Check the Nest app to see how much energy you use and why.

There's a Nest Thermostat for every home.

No matter which one you choose, you'll get proven energy-saving features and beautiful design. And you can control both from a phone.

As a Nest Pro Elite installer, Capital Heating & Cooling has been specially trained by Nest and can answer all your questions, offer recommendations, and professionally install all Nest products.

Nest Protect

The smoke and CO alarm that thinks, speaks and alerts your phone.

There's never been a smoke and carbon monoxide alarm quite like this. Nest Protect looks for fast-burning fires, smoldering fires and CO. It also speaks up when there's a problem and can even message your phone in case you're not home.

Get alerts on your phone.

Nest Protect can send you a message when there's a problem or the batteries run low.

Tells you what and where.

Nest Protect speaks up if there's smoke or CO and tells you where it is, so you know what to do.

Sees the CO you can't.

Carbon monoxide is an invisible, poisonous gas. Nest Protect tells you where it's hiding.

Every second counts.

The Split-Spectrum Sensor looks for both fast- and slow-burning fires.

Hush from the Nest app.

Just burned the toast? App Silence lets you quiet the alarm right from your phone.

Up to 10-year life span.

Nest Protect's long-lasting CO sensor keeps you safe and sound for up to a decade.

Heating systems can cause carbon monoxide leaks or spread smoke through your home in a fire. In an emergency, Nest Protect tells your Nest Thermostat to turn off the heat to keep the danger from spreading.

Nest Cam IQ

A best-in-class security camera with top-of-its-class brains.

Nest Cam IQ has incredibly crisp, clear 1080p HD video and HD Talk and Listen. It can identify when someone's in your home, alert you, and zoom in to see who's there.

Person alerts.

Get alerts that matter when someone walks into the room or appears in frame.

Supersight.

A 4K sensor, 12x digital zoom and High Dynamic Range (HDR) imaging offer extra clear video that can automatically zoom in and follow the movement of a person.

HD Talk and Listen.

Hear exactly what's happening and talk back clearly and seamlessly to family and pets.

24/7 live streaming.

130° view shows the full picture in crisp 1080p HD. Night Vision and 940 nm infrared LEDs evenly illuminate the room.

Instant alerts and snapshots.

Get activity alerts and a snapshot of what happened. With the Nest app, you can control and watch live from anywhere.

As a Nest Pro Elite installer, Capital Heating & Cooling has been specially trained by Nest and can answer all your questions, offer recommendations, and professionally install all Nest products.

Nest Cam Indoor

Look after home 24/7. Know when something happens.

Live streaming. Continuous cloud recording with Nest Aware. No dead batteries. No missing moments. This is what an indoor security camera should be.

24/7 live video.

130° view shows you everything in 1080p HD, day and night.

Three-hour snapshot history.

See photos of activity from the last three hours for free in the Nest app.

Alerts on your phone.

Get activity alerts so you know if anything happens while you're away.

Clear as day. Even at night.

Eight infrared LEDs evenly illuminate the whole room.

Talk and Listen.

Nest Cam has a mic and speaker so you can hear what's going on and talk through the Nest app.

Nest Cam Outdoor

Security, rain or shine. On your phone 24/7.

Weatherproof. Live streaming. No dead batteries.
Person alerts with Nest Aware. Security has never
looked so good.

24/7 live video.

130° view shows you everything in 1080p HD, day and night.

Alerts on your phone.

When Nest Cam detects activity, it can send a phone alert with a photo of the event. It will even save it for three hours in the Nest app.

Rain or shine.

Camera, cable and adapter are all weatherproof, so you can leave it out in the rain.

Clear as day. Even at night.

Night Vision evenly illuminates the whole scene.

Talk and Listen.

Let someone know you're paying attention or tell the mailman to leave the package at the door.

Don't miss a thing with a Nest Aware subscription.

Person alerts.*

Nest Cam can send you a special alert when it sees a person. So you know when someone's actually there.

Familiar face alerts.†

Get a notification if your camera sees a family member – or a stranger.

See the whole story.

Continuously record up to 30 days of video in the cloud. And quickly find the moment you're looking for in the Nest app.

Create clips.

Create a custom clip or timelapse to download and share with friends, neighbors or the police.

* Person alerts are only available on Nest Cam IQ.

† Familiar Face Alerts only available for Nest Cam IQ; not available on cameras used in Illinois.

Always connected.

The free Nest app lets you access your Nest products from anywhere using your phone or tablet.

Nest Thermostats

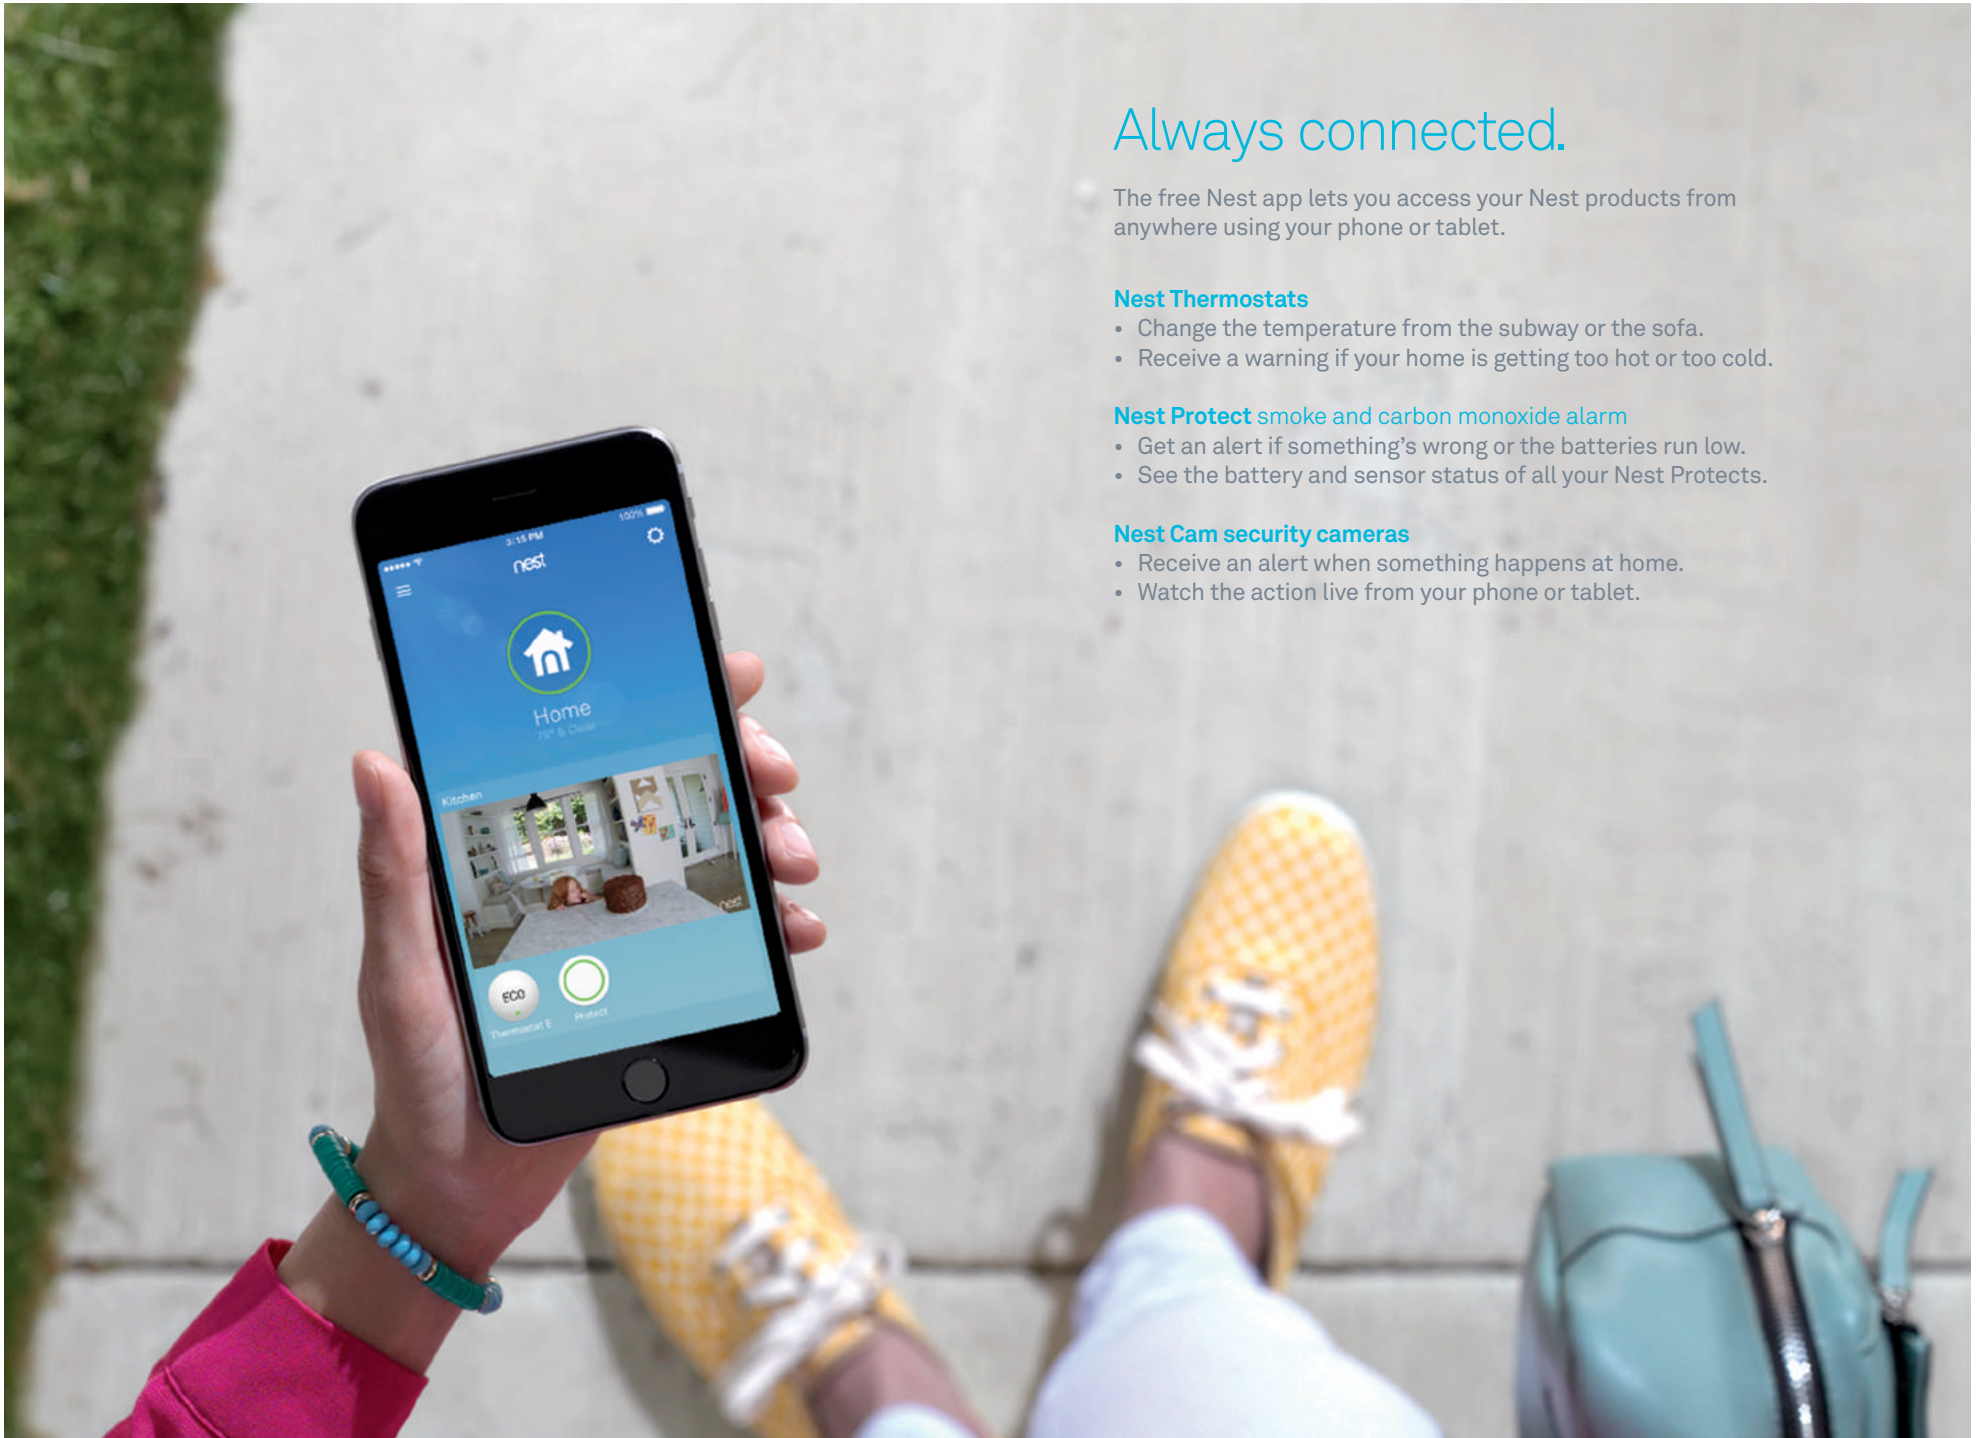

- Change the temperature from the subway or the sofa.
- Receive a warning if your home is getting too hot or too cold.

Nest Protect smoke and carbon monoxide alarm

- Get an alert if something's wrong or the batteries run low.
- See the battery and sensor status of all your Nest Protects.

Nest Cam security cameras

- Receive an alert when something happens at home.
- Watch the action live from your phone or tablet.

Better together.

When you add more Nest products to your home, they can automatically work together.

Nest Cam Outdoor + Nest Thermostat

When your Nest Thermostat notices you're away, it can automatically turn on alerts from your Nest Cam. So when you go on vacation, your thermostat turns itself down, and Nest Cam turns itself on.

Nest Thermostat + Nest Protect

Heating systems can cause carbon monoxide leaks or spread smoke through your home in a fire. In an emergency, Nest Protect can tell your Nest Thermostat to turn off the heat to keep the danger from spreading.

Nest Protect + Nest Cam Indoor

If your Nest Protect senses smoke or carbon monoxide, Nest Cam Indoor will automatically record a clip so you can go back and see what happened.

Your smart home shouldn't be dumb.

When products work with Nest, you don't have to tell them how to connect. Or what to do. They just work. In real homes for real people.

Just look for the Works with Nest logo. Today, a ton of things around the house connect to Nest, like lights, appliances and cars. And more are coming every day. Go to nest.com/wwn to see what works with Nest.

Nest Thermostat + Google Home

Set the temperature on your Nest Thermostat by talking to Google Home. Simply say, "OK Google, change the temperature to 72 degrees."

Nest Protect + Philips Hue

Connect your Philips Hue lights to Nest Protect and they can flash on and off to help get your attention when the alarm goes off.
